Sunday  
First Ray  
Blue  
Flames  
of  
Will of God  
Protection  
Faith

Please be seated. Thank you for your Presence here today.  
As always, it is a joy and a privilege to serve together with you  
especially for the cause of bringing Peace to our World.

During this special service, we will be using a specific pattern of decrees and visualizations to establish a momentum of energy, which shall be directed specifically at the quality of PEACE for our world. We will incorporate this energy, and the gifts of the seven Rays, by taking a specific Ray, which we will work with during this service similar to the format of the Petition Services for the Karmic Board. In fact this service is loosely based on the Petition Classes/Services.

During this service we will work with the **First Ray of God's Will, Protection and Faith**. We ask beloved Mother-Father God, that we be allowed to merge our beings, our consciousness and our energies with the very substance of the **First Ray**, that we may become ONE with the **Radiant Blue Flame**, uniting our consciousness with all Beings working upon the **First Ray of God's Will, Protection and Faith**.

Let us first prepare ourselves by intensifying our mantle of light protection. Close your eyes for a moment and feel the activity of the electrons within your aura, not only projected by your Presence, but also intensified by the power of your holy breath.

As you become aware of your breathing... Breath in and out in a gentle and rhythmic manner. As you do feel God's Light and Life expanding forth from your heart flame.

(Pause)

Know that you can intensify the activity of your mantle of light any time, just by giving it your attention, your love, and recognizing it as the Presence of God active within your lifestream! Breathe in once again... and as you breathe out...

Open your eyes and reach for your decree books.

We will now verbally give our God Presence full dominion over our outer selves...

Decree 11-12 (Book I/p.10)... As one voice,

Thank you.

As you close your eyes, feel how centered and protected you are at this moment. (Pause...) See yourself standing tall within your blazing mantle of light, with the Three-fold Flame within your heart blazing forth the perfect balance of Love, Wisdom and Power to fill your mystic mantle, which extends out for at least nine feet in every direction. See the Violet Fire blazing around you! Know that nothing can enter your aura without passing through this great protective wall of Flame, transmuting whatever enters into pure energy once again!

An angel of the Blue Flame now stands before you, and quickly surrounds your entire forcefield and Mantle of Light with a wall of Blue Flame, cutting you free from any and all negativity within the atmosphere around you. Now, the angel offers you a sword and shield of Blue Flame. You take them, and immediately follow this blessed one into the atmosphere of this sanctuary, cutting all lines of force free that have been anchored here by anyone or anything with less than pure intent! As these lines are cut free, the Blue Flame enters them and travels along them to their source, to be transmuted there once and for all!

Now the atmosphere around our sanctuary is filled with angels of the Violet Fire. They direct their radiation into the cause and core of all such mis-qualified energy, dissolving them with the Violet Fire until all within and all around us is blazing with pure light, filling this sanctuary and all of us with perfection's flame in action. We accept it done and sustained! As God's Most Holy Name, forever! Breathe in beloved ones... and breathe out... Breathe in again... and as you breathe out... we will affirm our faith in God's first cause...

Open your eyes, take up your books and turn to Decree 2-05 (I/p.11). Let us give the statement: "I AM an open door for God's Limitless Faith in humanity and humanity's returning Faith in God" 3x before completing this decree... Together...

Thank you!

It is important for us to keep in mind one central fact, and that is: regardless of the outer appearance at any time, God's Will for all life is good! It is perfection, it is love, peace, supply and unity among the entire human family!

As we work together to build momentum for good to manifest upon the Earth, all of our efforts are placed within the cosmic storehouse of such perfection, to be called forth as human will comes into alignment with God's Will. Until that time we work, and we know that, as Master Jesus once said: "Before this, the Father worked, but now, the Father and I work!"

Let us now expand the gifts of God's Protection and Purification to our Planet by calling upon mighty Hercules...

Decree 2-04 (Book I, p.12) We will give the decree using as our insert, "All governments and governmental leaders, all military personnel and military leaders and all innocent people who are caught in the middle of any current or potential conflicts..." With energy...

(\* Begin using the Decree Section/Book I, page 12-16 for Decrees 2-04, 3-01, 3-14, 10-04 and 3-13. Then continue as follows... )

Thank you. You may put your books aside.

Let us now contemplate the effect of the calls we have made. Visualize the Planet Earth slowly revolving within the forcefield of Mighty Hercules, as all centers of government, especially those in... **(insert the area or areas that are specifically being worked with during this service.)** ...receiving an intensified activity of the Flame of God's Will and Protection. See lightning bolts of Blue Flame and Violet Fire blazing into these centers, surrounding them with an impenetrable forcefield of Protection, and sealing them within God's Divine Will.

See the action intensified and expanded as Lord Shri Magra sends Legions of Light into the atmosphere of Earth, purifying the astral realm, releasing all life and all etheric memories which are bound there.

See legions of the Angels of the Sixth Ray, bringing comfort and peace to those who have left their physical forms, gently guiding them to places of rest. The Violet Fire Angels are present, too, taking those who are ready into the Violet Fire Temples.

See the Heart Flames of all humankind expanding as the Joy of Forgiveness is felt by all which, in turn expands forth in mighty

waves of Violet Flame, until all Life is enfolded within its purifying essence. Feel the Presence of mighty Lord Zadkiel and Holy Amethyst, as they project mighty whirlwinds of Violet Fire into the troubled areas of the Earth, especially **(insert name(s) of previous mentioned area(s))** and the atmosphere over this (these) region(s), transmuting and purifying all such vortices of discontent.

Please repeat after me three times

TRANSMUTE, TRANSMUTE BY VIOLET FIRE,  
ALL CAUSES AND CORES NOT OF GOD'S DESIRE!

I AM A BEING OF CAUSE ALONE...

THAT CAUSE IS LOVE, THE SACRED TONE (3x)

(Pause)

Now begin to breath rhythmically, inbreathing and absorbing... expanding and projecting. This evening, on behalf of all humankind, we apply especially to those Masters and Beings of Light who work on the **First Ray of God's Will, Protection & Faith**. We ask that every effort be made to find those willing to support the petitions and dispensations of the Masters with the substance of their lifestreams.

We invoke the full momentum of God's Peace from the Hearts of all Beings working upon the **First Ray**, so all humankind may

be united in service, guided by the Immaculate Concept and their own Divine Blueprint. May each of us see the purpose for which we incarnated at this time, and follow the promptings of our own Holy Christ Selves, leading us into even greater service to life.

We ask, beloved Mother-Father God, that we may merge our beings, our consciousness, and our energies with the very substance of the Sacred Flame of God's Peace, becoming one with the Flame, uniting our consciousness with all Beings working upon the **First Ray of God's Will and Faith**.

We now inbreathe the Flame, and the sacred essence of the **Radiant Blue** Flame penetrates every electron of our beings and worlds! We exhale, expanding and projecting this substance out to all life upon the Planet Earth. Breathe in... and breathe out... Breathe in again... and breathe out... as we prepare to work with the holy breath.

(\*see Note, Book I / p. 9 for explanation of Breathing Activity)

**I AM inbreathing...**

**the Radiant Blue Flame of God's Will and Faith**

**I AM absorbing...**

**the Radiant Blue Flame of God's Will and Faith**

**I AM expanding...**  
**the Radiant Blue Flame of God's Will and Faith**  
**I AM projecting...**  
**the Radiant Blue Flame of God's Will and Faith**  
 (3x)

Breathe in deeply... and breathe out.

Filled with the **Radiant Blue Flame of God's Will & Faith**,  
 as you breathe in and absorb, say within your mind:  
**I AM the Radiant Blue Flame of God's Will and Faith!**

As you breathe out - expand and project:  
**I AM the Radiant Blue Flame of God's Will and Faith**,  
 in action here and now!

Continue this rhythmic breathing pattern and visualize the intense activity of sacred fire taking place on our planet at this moment. See all shadows of human creation and the mass karma of the human race now blazing with the **Radiant Blue Flame**, as every electron of energy is penetrated and saturated with **Radiant Blue Light**. Breathe it in... and breathe it out!

Know that this PURIFIED ENERGY is charged with the **First Ray of God's Will, Protection and Faith** so that all life will accept and express, sustain and maintain a peaceful and loving state of being wherever they may be upon the Earth. Know also that when called forth the Violet Flame of Freedom

will help us rise above and transmute any conditions, which stand in the way of unity and brotherhood throughout our entire human family.

Let us now meditate upon the following:

On the inbreath:

**I AM the Radiant Blue Flame of God's Will and Faith!**

As you breath out:

**I AM the Radiant Blue Flame of God's Will and Faith**, in  
 action here and now!

See yourself as the the **First Ray of God's Will, Protection and Faith!**

Expand this Flame until it blazes forth to enfold all life within the **Radiant Blue Light of God's Will and Faith** made manifest through every electron belonging to Earth and her evolutions in any way now and forever sustained!

(\*Wait three/five minutes, then repeat the following statements (\*2x), wait three to five more minutes before continuing.)

**I AM the Radiant Blue Flame of God's Will and Faith!**

**I AM the Radiant Blue Flame of God's Will and Faith**,  
 in action here and now!

This purified energy is charged with the full momentum of God's Divine Peace and Unity in Service, and as its vibratory level is raised on the buoyant currents of the mighty Ascension Flame, it rises out of the sea of mass consciousness as Pure White Light, illuminating the entire Earth with its radiance! As these purified energies are returned to the Cosmic Source of All Life, feel the Divine Light, Love and Peace descending from that Sphere!

Every man, woman, and child on the Earth is now bathed in the Light of God that is eternally victorious, and the spark of Divinity within our hearts expands, as we accept a new and deepened level of Faith in God's Will as GOOD. This belief anchors firmly within our mental and emotional bodies, and begins to expand outward in waves of Illumined Faith and Hope, to cover our dear planet!

Our command for peace resounds throughout the Earth! We will accept nothing less, for our love for our brothers and sisters in the Human family has reached them, and surrounds them with the harmony and love that we desire for everyone.

Our Love demands that peace manifest now upon our Earth, made manifest, proclaimed, established and eternally sustained and maintained by the twelve-fold Aspect of the Cosmic Christ until the Earth is free in her ascension in victorious light!

So Be It! Beloved I AM!

Knowing that you are the **Radiant Blue Light of God's Will and Faith** in action upon the Earth begin to bring you attention back to our sanctuary. When you are ready, please open your eyes as we now offer a Decree for the Earth and Her Nations.

take up your books and turn to Decree 8-03

(\* **Begin using the Decree Section/Book I, page 17-20 for Decrees 8-03, 4-06, Thoughtform/Theme 2001 and Prayer for Peace. Then continue as below... )**

Thank you for your love and dedication and thank you for your participation in this service, beloved ones. Thank you for your support of light, love and peace, on behalf of all life on planet Earth.

Feel free to remain in silent meditation and sacred communion with our Mother-Father God, for as long as you would like.

I ask that to maintain and sustain the aura of perfect peace we have created within and around ourselves and the entire planet Earth today, that we leave this Sacred Sanctuary of Living, Loving Light and return to our homes in Silence...

Thank you.

Wednesday  
 Fourth Ray  
 White  
 Flames  
 of  
 Purity  
 Ascension  
 Resurrection

Please be seated. Thank you for your Presence here today. As always, it is a joy and a privilege to serve together with you especially for the cause of bringing Peace to our World.

During this special service, we will be using a specific pattern of decrees and visualizations to establish a momentum of energy, which shall be directed specifically at the quality of PEACE for our world. We will incorporate this energy, and the gifts of the seven Rays, by taking a specific Ray, which we will work with during this service similar to the format of the Petition Services for the Karmic Board. In fact this service is loosely based on the Petition Classes/Services.

During this service we will work with the **Fourth Ray of Purity, Ascension & Resurrection**. We ask beloved Mother-Father God, that we be allowed to merge our beings, our consciousness and our energies with the very substance of the **Fourth Ray**, that we may become ONE with the **Crystalline White Flame**, uniting our consciousness with all Beings working upon the the **Fourth Ray of Purity, Ascension and Resurrection**.

Let us first prepare ourselves by intensifying our mantle of light protection. Close your eyes for a moment and feel the activity of the electrons within your aura, not only projected by your Presence, but also intensified by the power of your holy breath.

As you become aware of your breathing... Breath in and out in a gentle and rhythmic manner. As you do feel God's Light and Life expanding forth from your heart flame.

(Pause)

Know that you can intensify the activity of your mantle of light any time, just by giving it your attention, your love, and recognizing it as the Presence of God active within your lifestream! Breathe in once again... and as you breathe out...

Open your eyes and reach for your decree books.

We will now verbally give our God Presence full dominion over our outer selves...

Decree 11-12 (Book I/p.10)... As one voice.

Thank you.

As you close your eyes, feel how centered and protected you are at this moment. (Pause...) See yourself standing tall within your blazing mantle of light, with the Three-fold Flame within your heart blazing forth the perfect balance of Love, Wisdom and Power to fill your mystic mantle, which extends out for at least nine feet in every direction. See the Violet Fire blazing around you! Know that nothing can enter your aura without passing through this great protective wall of Flame, transmuting whatever enters into pure energy once again!

An angel of the Blue Flame now stands before you, and quickly surrounds your entire forcefield and Mantle of Light with a wall of Blue Flame, cutting you free from any and all negativity within the atmosphere around you. Now, the angel offers you a sword and shield of Blue Flame. You take them, and immediately follow this blessed one into the atmosphere of this sanctuary, cutting all lines of force free that have been anchored here by anyone or anything with less than pure intent! As these lines are cut free, the Blue Flame enters them and travels along them to their source, to be transmuted there once and for all!

Now the atmosphere around our sanctuary is filled with angels of the Violet Fire. They direct their radiation into the cause and core of all such mis-qualified energy, dissolving them with the Violet Fire until all within and all around us is blazing with pure light, filling this sanctuary and all of us with perfection's flame in action. We accept it done and sustained! As God's Most Holy Name, forever! Breathe in beloved ones... and breathe out... Breath in again... and as you breathe out... we will affirm our faith in God's first cause...

Open your eyes, take up your books and turn to Decree 2-05 (Book I/p.11). Let us give the statement: "I AM an open door for God's Limitless Faith in humanity and humanity's returning Faith in God" 3x before completing this decree... Together...

Thank you!

It is important for us to keep in mind one central fact, and that is: regardless of the outer appearance at any time, God's Will for all life is good! It is perfection, it is love, peace, supply and unity among the entire human family!

As we work together to build momentum for good to manifest upon the Earth, all of our efforts are placed within the cosmic storehouse of such perfection, to be called forth as human will comes into alignment with God's Will. Until that time we work, and we know that, as Master Jesus once said: "Before this, the Father worked, but now, the Father and I work!"

Let us now expand the gifts of God's Protection and Purification to our Planet by calling upon mighty Hercules...

Decree 2-04 (Book I, p.12) We will give the decree using as our insert, "All governments and governmental leaders, all military personnel and military leaders and all innocent people who are caught in the middle of any current or potential conflicts." With energy...

(\* Begin using the Decree Section/Book I, page 12-16 for Decrees 2-04, 3-01, 3-14, 10-04 and 3-13. Then continue as follows... )

Thank you. You may put your books aside.

Let us now contemplate the effect of the calls we have made. Visualize the Planet Earth slowly revolving within the forcefield of Mighty Hercules, as all centers of government, especially those in... **(insert the area or areas that are specifically being worked with during this service.)** ...receiving an intensified activity of the Flame of God's Will and Protection. See lightning bolts of Blue Flame and Violet Fire blazing into these centers, surrounding them with an impenetrable forcefield of Protection, and sealing them within God's Divine Will.

See the action intensified and expanded as Lord Shri Magra sends Legions of Light into the atmosphere of Earth, purifying the astral realm, releasing all life and all etheric memories which are bound there.

See legions of the Angels of the Sixth Ray, bringing comfort and peace to those who have left their physical forms, gently guiding them to places of rest. The Violet Fire Angels are present, too, taking those who are ready into the Violet Fire Temples.

See the Heart Flames of all humankind expanding as the Joy of Forgiveness is felt by all which, in turn expands forth in mighty

waves of Violet Flame, until all Life is enfolded within its purifying essence. Feel the Presence of mighty Lord Zadkiel and Holy Amethyst, as they project mighty whirlwinds of Violet Fire into the troubled areas of the Earth, especially (**insert name(s) of previous mentioned area(s)**) and the atmosphere over this(these) region(s), transmuting and purifying all such vortices of discontent.

Please repeat after me three times

TRANSMUTE, TRANSMUTE BY VIOLET FIRE,  
ALL CAUSES AND CORES NOT OF GOD'S DESIRE!  
I AM A BEING OF CAUSE ALONE...

THAT CAUSE IS LOVE, THE SACRED TONE (3x)  
(Pause)

Now begin to breath rhythmically, inbreathing and absorbing... expanding and projecting. This evening, on behalf of all humankind, we apply especially to those Masters and Beings of Light who work on the **Fourth Ray of Ascension, Resurrection and Purity**. We ask that every effort be made to find those willing to support the petitions and dispensations of the Masters with the substance of their lifestreams.

We invoke the full momentum of God's Peace from the Hearts of all Beings working upon the **Fourth Ray**, so all humankind

may be united in service, guided by the Immaculate Concept and their own Divine Blueprint. May each of us see the purpose for which we incarnated at this time, and follow the promptings of our own Holy Christ Selves, leading us into even greater service to life.

We ask, beloved Mother-Father God, that we may merge our beings, our consciousness, and our energies with the very substance of the Sacred Flame of God's Peace, becoming one with the Flame, uniting our consciousness with all Beings working upon the **Fourth Ray of Ascension, Resurrection & Purity**.

We now inbreathe the Flame, and the sacred essence of the **Crystalline White** Flame penetrates every electron of our beings and worlds! We exhale, expanding and projecting this substance out to all life upon the Planet Earth. Breathe in... and breathe out... Breathe in again... and breathe out... as we prepare to work with the holy breath.

(\*see **Note, Book I**/p.9 for explanation of Breathing Activity)

**I AM inbreathing...**  
**the Crystalline White Flame of Ascension & Purity**  
**I AM absorbing...**  
**the Crystalline White Flame of Ascension & Purity**

**I AM expanding...**  
**the Crystalline White Flame of Ascension & Purity**  
**I AM projecting...**  
**the Crystalline White Flame of Ascension & Purity**  
**(3x)**

Breathe in deeply... and breathe out.

Filled with the **Crystalline White Flame of Ascension and Purity**, as you breathe in and absorb, say within your mind:  
**I AM the Crystalline White Flame of Ascension & Purity!**

As you breathe out - expand and project:  
**I AM the Crystalline White Flame of Ascension & Purity,**  
 in action here and now!

Continue this rhythmic breathing pattern and visualize the intense activity of sacred fire taking place on our planet at this moment. See all shadows of human creation and the mass karma of the human race now blazing with the **Crystalline White Flame**, as every electron of energy is penetrated and saturated with **Crystalline White Light**. Breathe it in... and breathe it out!

Know that the PURIFIED ENERGY is charged with the **Fourth Ray of Ascension, Resurrection and Purity** so that all life will accept and express, sustain and maintain a peaceful and loving state of being wherever they may be upon the Earth. Know also that when called forth the Violet Flame of Freedom

will help us rise above and transmute any conditions, which stand in the way of unity and brotherhood throughout our entire human family.

Let us now meditate upon the following:

On the inbreath:

**I AM the Crystalline White Flame of Ascension and Purity!**

As you breath out:

**I AM the Crystalline White Flame of Ascension and Purity,**  
 in action here and now!

See yourself as the **Crystalline White Flame of Ascension, Resurrection and Purity!**

Expand this Flame until it blazes forth to enfold all life within **Crystalline White Flame of Purity and Ascension** made manifest through every electron belonging to Earth and her evolutions in any way now, and forever sustained!

(\*Wait three/five minutes, then repeat the following statements (\*2x), wait three to five more minutes before continuing.)

**I AM the Crystalline White Flame of Ascension and Purity!**

**I AM the Crystalline White Flame of Ascension and Purity,**  
 in action here and now!

This purified energy is charged with the full momentum of God's Divine Peace and Unity in Service, and as its vibratory level is raised on the buoyant currents of the mighty Ascension Flame, it rises out of the sea of mass consciousness as Pure White Light, illuminating the entire Earth with its radiance! As these purified energies are returned to the Cosmic Source of All Life, feel the Divine Light, Love and Peace descending from that Sphere!

Every man, woman, and child on the Earth is now bathed in the Light of God that is eternally victorious, and the spark of Divinity within our hearts expands, as we accept a new and deepened level of Faith in God's Will as GOOD. This belief anchors firmly within our mental and emotional bodies, and begins to expand outward in waves of Illumined Faith and Hope, to cover our dear planet!

Our command for peace resounds throughout the Earth! We will accept nothing less, for our love for our brothers and sisters in the Human family has reached them, and surrounds them with the harmony and love that we desire for everyone.

Our Love demands that peace manifest now upon our Earth, made manifest, proclaimed, established and eternally sustained and maintained by the twelve-fold Aspect of the Cosmic Christ until the Earth is free in her ascension in victorious light!

So Be It! Beloved I AM!

Knowing that you are the **Crystalline White Light of Purity & Ascension** in action upon the Earth begin to bring you attention back to our sanctuary. When you are ready, please open your eyes as we now offer a Decree for the Earth and Her Nations.
